

Regional Bargaining Report # 26

Tuesday, August 9, 2011 10:15 PM

After two days of discussions at high levels of the Union and the Company, the Regional Bargaining Committee will go back to the bargaining table tomorrow at the Rye Town Hilton in Rye, NY.

The decision to bring back the committee was made because we received a commitment from the Company that they will get serious. Time will tell if they are telling the truth. Please keep up the strong mobilization. It is your efforts and dedication that has gotten us this far. The picket lines at Wireless stores and at company and customer locations have been amazing. As your bargaining committee heads back to the table we need to keep the pressure on in every way possible.

**Stay Strong – Stay United
